

La Cave à Vin Wine Club

Our mission at La Cave à Vin has always been to introduce our customers to small, family owned, boutique wineries, as well as grape varietals or blends they may not be familiar with. Our shop is small, and our inventory changes weekly, so we may not always have the same wines in stock, but that's part of the adventure. We offer personal service, and will always make an effort to order your favorite wine (or cheese) for you.

Whether you want to enjoy a bottle of wine with dinner each night without breaking the bank, or want a selection of wines on hand for special occasions, our monthly deliveries will be tailored to your budget. Each month we'll feature a different selection of 12 bottles from our unique collection of boutique wines and deliver them to you free of charge*. Monthly selections typically include a mix of red and white wines in a variety of styles, but we can also pack up all red or all white, or you may choose to have a customized case put together based on your individual preferences. We can also deliver half cases (6 bottles).

We offer case discounts of 10% (5% for a half case), and we accept payment by Cash, Check or Credit Card (AMEX, M/C, Visa or Discover). *Group deliveries, multiple case deliveries and deliveries within 15 miles of our shop in Exeter are always free. Distances of greater than 15 miles but less than 30 miles will be charged a delivery fee of \$10. Charges for delivery distances greater than 30 miles will be quoted based on actual distance. In the event that we need to use a delivery service, their charges will apply.
